

Fernando Boaglio

Brazil, Sao Paulo

fernando@boaglio.com / boaglio@gmail.com

B.A. Computer Science (1996), 15 years of web development, Oracle and Java certified professional.

Objective

Challenging work with Oracle, Java and Open Sources technologies being a developer and solution architect.

Education

- B.A. Computer Science, UNESP, 1996.
- Official Oracle Instructor for Oracle Education, 1997 until 2002 (Oracle Certified Developer) .
- Official Java Instructor for Sun Education, 2004 until 2007 (Java Certified Programmer and Java Web Component Developer).

Experience

- 2008-2011 - **JEE Application Architect** (JSF / JPA / EJB 3) for telecommunication applications on Hibernate/JBoss/Java. Frameworks: Rich Faces, JMS , JUnit for unit tests and Maven with Selenium for integration tests.

- 2005-2008 - **JEE Application Architect** (JSP/Servlet/EJB) for many Nextel Engineering projects on Oracle / BEA Weblogic / Java. Frameworks: Struts,JCIFS,JSTL + Jakarta Commons

- 2004 - **JEE Application Developer (JSP/Servlet)** for Sakata Seed Sudamerica developing a products catalog integrated with Oracle Portal.

- 2004 - **JEE Application Developer** (EJB/Struts/JSTL) for Brazilian Nextel Intranet (Single) on Oracle/BEA Weblogic/Java .

- 2003-2004 - **Oracle Portal application developer** for Brazilian Pepsico Intranet (Pepsico of Brazil), with over 1500 users, integrating Oracle Portal with Microsoft Active Directory, migrating MySQL/JRun/Java to Oracle/9iAS/Java

- 2003- **Oracle Portal Application Developer** with PL/SQL and Java programming, integration of SQL Server/Oracle/MsAccess systems.

- 1996-2002 - **Oracle Consultant and Instructor:** EN-SOF Consultoria e Informatica, a Brazilian Oracle partner.

Tecnologies

- System architecture - build, sizing , development and deployment.
- Languages:
 - Java (JSE, JEE – [JSP,Servlet,EJB,JSF,JMS]), PL/SQL, HTML, JavaScript, PHP

- Ruby[Rails], ASP, C, PASCAL, BASIC, PROLOG, LISP, Bash (basic).
- Frameworks: Spring, Struts, Hibernate, Rich Faces, VRaptor, Mentawai and others.
- Tests and deployment: JUnit, Selenium and Maven
- Web Services (WSDL, SOAP, JAX-RPC).
- Linux administration (intermediate).
- Application server administration: Apache, JBoss and Weblogic (intermediate).
- Oracle Software:
 - Oracle AS Portal / Oracle Application Server
 - Oracle Database (basic).
- Others Database Administration: IBM DB2, Microsoft SQL Server, MySQL, PostgreSQL (basic).
- Development Methodologies:
 - XP , Scrum, TDD

Languages

- English - advanced.
- Italian – intermediate.
- Portuguese – native speaker.

Publications

- **January 2007** - Mundo Java Magazine – front page article: Mentawai Web Framework – MVC without XML
- **March 2005** - Brazilian SQL Magazine – Hibernate – Web Development accessing data without SQL
- **January 2005** - Brazilian SQL Magazine – front page article: Hibernate - SQL no more?

Volunteer projects

- Commiter of a Java open source project: *Mentawai Web Framework*.
- Project manager of graphic environment KDE translation to Portuguese.
- Development of an open source system based on Linux and Java for this Brazilian entity which take care of homeless children: Cruzada Pro-Infancia

Others

- TOEFL and TOEIC certified (2001), studied at San Francisco for 6 months.
- 37 years, married, one daughter.
- It runs his own blog about technology – <http://www.boaglio.com>
